

## **Social Thinking Quiz**

Social thinking skills are people's abilities to think about others and adjust their behaviors to make those around them feel positive. These skills enable them to develop and keep friendships, initiate and partake in conversations and show leadership skills without being aggressive.

Does your child...

- Get excluded from play dates/birthday parties?
- Get bullied or behave like a bully?
- Have difficulty making and/or keeping friends?
- Struggle to start and keep up in conversations?
- Miss jokes/humor?
- Get easily offended?
- Often feel out of place or alone?
- Go off on tangents when telling a story?
- Omit critical information when telling a story?
- Overact to small problems?
