**SURVEY RESULTS
REVEALED**

Letter from

The Founder and Successor of *Therapies for Success*

Dear Parents and Colleagues,

As we celebrate our 41st year in business, we have reflected on what best summarizes our journey. The answer is simple: **perseverance**. We have learned that true success comes from adapting to challenges. Through challenges like the 2008 real estate collapse, the 2020 pandemic, and even personal health struggles, we have always adapted and moved forward. We have **persevered!** We didn't just survive—we grew, evolved, even thrived, and continued delivering on our promise: ***"Give us 4 Months for a Brighter Future."***

Life is tough, and setbacks affect everyone—including our children. From bullying and social anxiety to speech challenges and the struggles many dyslexic students face, these experiences can cause suffering and interfere with success. That's why you bring your children to us.

As the great yogi Sri Swami said, *"You can't stop the waves from coming, but you can learn to surf."* **We teach our students to "surf" life's challenges by building perseverance and these other essential life skills:**

- Empathy and compassion to foster human connections;
- Literacy skills to read smoothly and comprehend deeply;
- Reasoning skills to solve problems;
- Conversation skills to make and keep friends;
- Executive functioning skills to manage time and control impulses;
- Spelling and written language skills to express thoughts eloquently on paper;
- Oral language skills to justify actions and persuade others;
- Math skills to calculate numbers and make wise financial decisions;
- Perseverance to get back up and try again when life knocks you down.

When children learn to face and manage difficult emotions, they develop the strength to overcome them. **Perseverance is fundamental to lifelong success.**

Thank you, parents and colleagues, for your continued support as **we teach our kids how to surf through life's challenges and build the skills and perseverance to navigate life. There is no greater good we could do for the future of the world!**

With immense gratitude,

Jodie Schuller, M.A., CCC-SLP, COM

Mission Statement

The *Therapies for Success* Promise: *Give us 4 months, and we'll give you a brighter future!* We are here to benefit individuals who are struggling academically, socially and/or developmentally, regardless of diagnosis. Using our unique big picture approach, we provide coordinated, customized and comprehensive treatment plans to help our students achieve academic, social and personal success today, tomorrow and for their brightest futures.

Our intervention plans are:

- Coordinated with fellow team members, educators, medical providers and parents to meet developmental milestones and state standards
- Customized to leverage our student's strengths and build skills in areas of deficits or challenges
- Comprehensive to target the foundational gaps in speech and language that impact students' abilities to read, comprehend, write, spell, solve math problems and interact socially....to help students communicate effectively during oral and written expression

We are committed to helping our students find their islands of competence and enabling them to share their unique gifts with the world!

Our Overall Impact on School Performance

96%

of our parents reported significant improvement in skill level!

87%

of our parents reported exceptional progress in school!

“

*I tried everything I could possibly think of to progress (my son's) learning. (He was) getting frustrated. I was getting frustrated. We were both not excited for homeschooling days. When we found **Therapies for Success**, we (were able to receive) extra support. Our homeschooling days are so fun again!*

Hallie, mother of Hudson

*When (my son) took (his) beginning of the year assessments at school, even though (he) should be testing at the kindergarten level, half of (his) tests came back at the first-grade level!! This is all due to the help from **Therapies for Success***

Sara, mother of Jason

Our Overall Impact on Attitude Towards School

88%

of our parents reported extraordinary improvement in their children's overall confidence level!

78%

of our parents reported dramatic improvement in their children's desire to do their best work!

83%

of our parents reported a remarkable reduction in anxiety level!

“

The team creates such a supportive, engaging environment where (my son) feels comfortable learning and practicing new skills.

Samantha, mother of Ryder

Our daughter has made a lot of progress and looks forward to her sessions.

Jim, father of Sarah

Our Overall Impact on Oral Expression

81%

of our parents reported remarkable improvement in speech clarity!

88%

of our parents reported dramatic progress in the ability to ask and answer questions!

81%

of our parents reported significantly improved sentence structures!

“

Both of my sons have come here for speech therapy and the results have been incredible. (The SLPs who) worked with them were both amazing—so kind, patient, and (they) really connected with our kids. They made each session fun while helping our boys make real progress. We've been so impressed and grateful for (their) care and support. Highly recommend!

Patrick, father of Brady and Jack

Our Overall Impact on Reading Fluency

“

We receive thorough weekly updates with clear objectives, which helps us feel informed and involved every step of the way. Most importantly, our son looks forward to his sessions each week. He went from being discouraged and unwilling to read to now reading at a first-grade level—and actually enjoying it! The transformation has been incredible to witness.

Lauren, mom of Jasper

87%

of our parents reported outstanding progress in phonics acquisition!

87%

of our parents reported impressive improvement in the ability to break words into syllables!

86%

of our parents noticed dramatic growth in reading speed and accuracy!

Our Overall Impact on Reading Comprehension

“

*My daughter went from being a non-reader to now comprehending at grade level. The team at **Therapies for Success** gave her the tools and the critical thinking skills to successfully navigate grade level books. She has tremendous self-confidence, and she loves to read!*

Aude, mother of Charlotte

86%

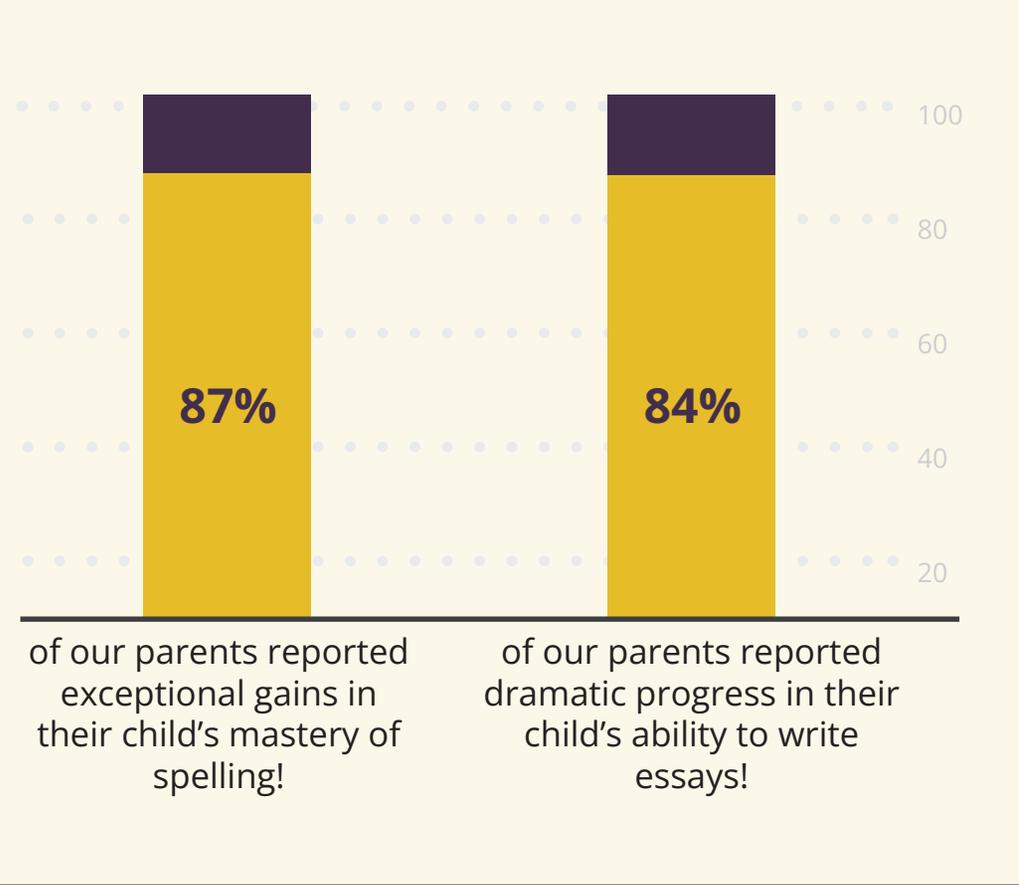

of our parents reported exceptional progress in their child's ability to comprehend fictional literature!

86%

of our parents reported outstanding progress in their child's comprehension of textbooks!

86%

of our parents reported a dramatic turnabout in their child's enjoyment of reading!

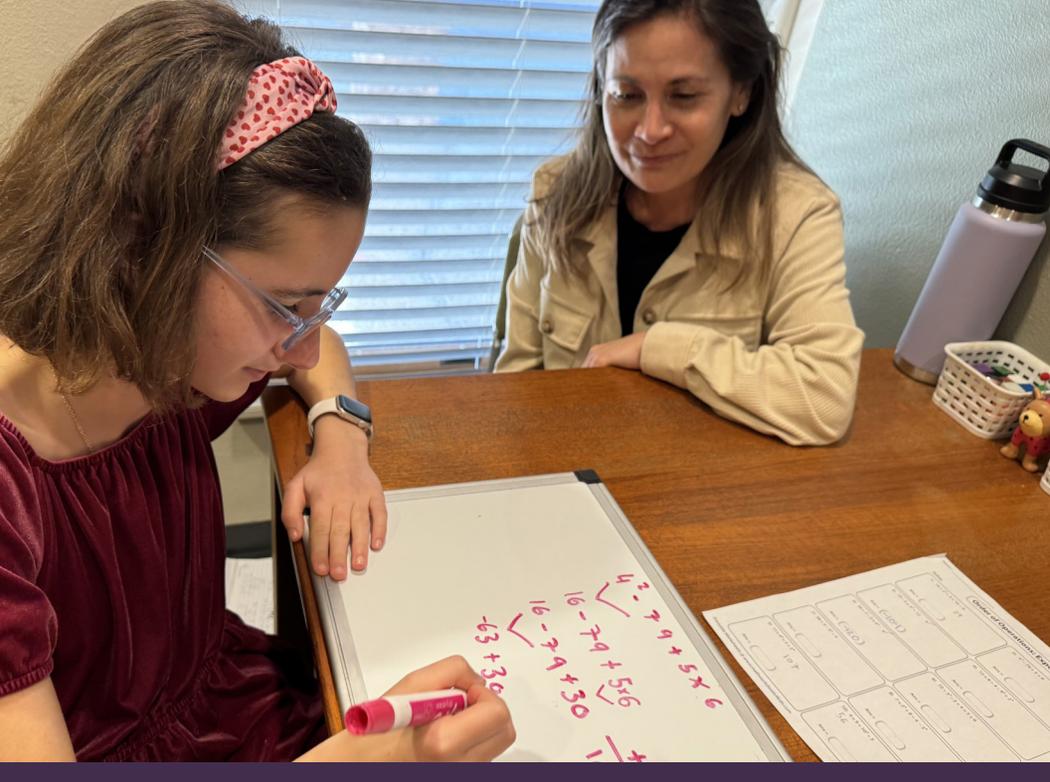

Our Overall Impact on Written Expression & Executive Functioning

“

My child went from a kid who always wanted to draw a picture to explain (himself) to writing sentences and short stories. In addition to improving (his) reading and writing skills, (he has) also progressed in (his) comprehension and dictation. (My son's) teachers have also noticed a vast improvement in (his) productivity in class.

Brandi, mother of Julian

Our Overall Impact on Math Mastery

100%

of our parents reported impressive gains in their child's attitude towards math!

100%

of our parents reported exceptional growth in their child's confidence with math!

“

*Since my daughter started math (intervention) with **(Therapies for Success)**, she has improved her math skills and gained a lot of confidence in order to do problems and quizzes at school. I highly recommend adding math (services) for your child with **(Therapies for Success)**.*

Aude R, mother of Charlotte

*(We) are very happy with the progress our daughter has made. (The staff is) warm, patient, and incredibly knowledgeable. (They) create a fun and supportive environment that makes learning exciting. I highly recommend (the team at **Therapies for Success!**)*

Nicole, mother of Rosie

Our Overall Impact on Friendships

*My son initially had a tough transition to a large high school and experienced an uncharacteristic period of severe shyness. He wanted to interact socially but felt shut down and anxious. (After joining) the teen-based social skills groups at **Therapies for Success**, he gained confidence and actionable skills for engaging with new peers, and he began opening up to form friendships at school.*

Michelle, mother of Peter

Thanks to (their) guidance, he's grown so much in his ability to connect with others and navigate social situations with confidence. We are so grateful for the positive impact (they have) had on him!

Bonnie, mother of Jack

81%

of our parents reported extraordinary gains in the ability to make and keep friends

99%

of our parents reported significant improvement in their child's attitude toward social interaction!

88%

of our parents reported an increase in their child's communication with family and friends!

Our Overall Impact on Social Interaction

“

*(The team at **Therapies for Success**) is a master at providing feedback in a way teens understand and accept while also providing good communication with parents. We are thrilled we heard of this therapeutic company and appreciate all of the support they provide.*

Sarah, mother of Lisa

The team puts together groups and then scaffolds the (students) through important discussions (technology, siblings, peers, etc.) and learning opportunities.

Rachel, mother of George

82%

of our parents reported exceptional progress in their child's conflict management and problem solving!

100%

of our parents reported dramatic improvement in their child's ability to take turns!

78%

of our parents reported extraordinary growth in their child's self-control of blurting and arguing!

100%

of parents reported dramatic improvement in their child's conversational skills!

Our Families' Overall Satisfaction

of our parents would recommend our services to others!

of our parents were completely satisfied with their children's results!

*We have had an absolutely amazing experience with (**Therapies for Success**)! (They are) professional, skilled, approachable, and flexible with (our son). We have seen so much improvement in the short time that our son has been attending therapy. We could not be more thankful to the entire team at **Therapies For Success**!*

Francine, mother of Noah

We've had such a positive experience! The team there is truly wonderful—caring, patient, and incredibly supportive. They've created such a welcoming environment, and it's been amazing to see the progress my child has made. I can't recommend them enough!

Sydney, mother of Pierce

The transformation has been remarkable. (Our daughter is) calmer, more resilient, and better equipped to handle the ups and downs of teenage social life. Family members and close friends have commented on how much more confident and grounded she seems.
